GIVE THE GIFT OF GRAIN

Benefits of Donating Grain

Supporting an organization that a donor truly believes in is important. When donating the gift of grain to the American Gelbvieh Foundation (AGF), there are benefits for the organization and the donor. The organization receives a gift that has a positive impact on its mission while the donor will see the benefits of a tax-deductible gift.

Donating grain is as simple as filling out the donation form and selling the grain at the producer’s place of choice. Because the proceeds of the sale of grain will be sent directly to the charitable, nonprofit organization, the donation is treated similar to a cash gift and is tax-deductible.

All gifts to the American Gelbvieh Foundation may be designated for a specified purpose, including scholarships, research and the AGF Endowment Fund.

This information is not intended as legal or financial advice. Donors should consult with their independent professional advisors as to how gifting grain best applies to their own situations.

“Many AGA members have invested a lifetime in the Gelbvieh breed. With a contribution to the American Gelbvieh Foundation they have an opportunity to leave a legacy for its future.”
- Al Knapp

American Gelbvieh Foundation
Growing our Future by Building our Foundation

MISSION: The American Gelbvieh Foundation (AGF) secures, grows and responsibly distributes assets for research, member education and youth development to sustain and grow Gelbvieh genetics.
Supporting the AGF with a grain gift is simple and straightforward. To properly donate the proceeds of the sale of grain follow these simple steps.

**Donation Commitment**

Complete the donation form below. This form informs the grain buyer to send the proceeds from the sale of the grain (or a portion of the grain) directly to the American Gelbvieh Foundation. A copy of the donation form should be given to the buyer as well as mailed, faxed or e-mailed to the AGF and a copy should be kept for the producer’s records. The producer will be responsible for any costs associated with storing or transporting the grain until it is delivered.

Complete the gift properly

Transport the gifted grain to the buyer of choice and provide a copy of the completed donation form to the buyer. Obtain a receipt for the amount and type of grain delivered. When the grain is sold, the proceeds will be sent directly to the charitable organization. After the sale, the donor will receive a letter from the AGF acknowledging the gift.
