AGA Incentive Program
DNA Testing Rebate Form

Please fill out the following form to apply for a DNA testing incentive rebate. Forms must be filled out completely and returned the AGA office via email at info@gelbvieh.org or sent via mail. Rebate must be submitted within 60 days of the last calf being tested.

Rebates will be issued after the March 15 herd assessment deadline and are given in the same year the rebate is submitted. **Rebates will only be issued for the number of females assessed per AGA member account by the March 15 herd assessment deadline.**

Please select which DNA testing rebate you are applying for:

- **DNA Testing Young Bulls:** AGA members who complete a GGP-Low Density (GGP-LD) or GGP-High Density (GGP-HD) panel on a minimum of 30 percent of each year’s entire male calf crop will receive a $2 per head rebate on their entire cowherd’s annual herd assessment in the subsequent calendar year. This incentive program begins with the 2018-born male calf crop and herd assessment rebates will be given starting in 2019. Only bulls who are under one year of age when tested will be eligible for the incentive program.

- **DNA Testing Replacement Females:** AGA members that complete a GGP-LD, GGP-HD, or GGP-Ultra Low Density (GGP-uLD) panel test on 30 percent of each year’s entire female calf crop will receive a $2 per head rebate on their entire cowherd’s annual herd assessment in the subsequent calendar year. This incentive program begins with the 2018-born heifer calf crop and herd assessment rebates will be given starting in 2019. Only females who are under one year of age when tested will be eligible for the incentive program.

*DNA crop is based on the number of active females’ calves in the inventory. All females in the inventory must have a calf registered or a reason code for no calf recorded to be eligible.*
