The American Gelbvieh Junior Association does not discriminate on the basis of disability in the administration of, or access to, its programs, services or activities. Under this policy, a person with a disability is defined as "a person who has a physical or mental impairment that may limit one or more major life activities, has a record of such an impairment, or is regarded as having an impairment."

AGJA Code of Ethics & Rules

1. The showing of an animal unethically fitted is prohibited. This includes the use of an artificial tail head or tail fin, artificial poll, or adding any hair or hair-like substance to the animal, excluding false tail switches. Any problems will be directed to the AGJA Board of Directors for a final decision.
2. In order to promote the good management of show cattle; exhibitors, their parents, and sponsors have a serious responsibility to properly use animal health aids (drugs), growth promotants, and any other approved materials with great care. The American Gelbvieh Junior Association discourages the off-label or extra-label use of anabolic steroids, diuretics, tranquilizers, anti-inflammatory drugs, or other drugs used on any animal entered for competition. Furthermore, the alteration, whether internal or external, of the conformation and structure through any products or material including gas, solid, and liquid or the removal or attachment of tissue surgically to an animal for the purpose of deception is prohibited. The Board of Directors reserves the right to have urine, blood, saliva, hair and/or other tissue tests run on any animals entered for competition. An exhibitor of an animal(s) producing a positive analysis of drugs, unapproved medication, or chemical residues will be disqualified and barred from future competition at all AGJA-sponsored events. If the animal tests positive for any of the above drugs or chemicals, the exhibitor will not receive any premium money for that animal and must accept the consequences without recourse against the AGA, AGJA, Board of Directors or event sponsors.
3. All grand champion along with reserve champion entries will be parent-verified through DNA testing. All premium money will be forfeited if an animal does not meet minimum percent Gelbvieh based on parent verification. DNA samples may be taken from all 2023 Champions and Reserve Champions including: Cow & Calf (Owned and Bred & Owned), Female (Owned and Bred & Owned), 3-5th Females, Bred & Owned Bulls and steers from both Gelbvieh and Balancer divisions.
4. Any violation of the AGJA Code of Ethics & Rules will result in review of the infraction by the AGJA Board of Directors, advisors, and/or an AGJA panel appointed by the Board of Directors to determine the severity of punishment, which may include automatic disqualification from the specific contest or the Junior Classic.
5. AGJA members participating in any AGJA event, national show, regional show or National Western Stock Show shall exhibit acceptable conduct and sportsmanship at all times. Unacceptable conduct includes reckless behavior that may affect the safety and health of other person and property as well as the liability of AGJA. In addition, foul language should be kept to a minimum if any at all. Any AGJA members found in violation of this rule may be subject to forfeit winnings and entries or other penalties up to the board. AGA staff advisors or AGJA board may disqualify AGJA members in violation of the rule. All procedures will happen in a timely matter. An appeal panel consisting of but not exclusive to a representative of each party and AGA legal counsel, a representative of the AGA board, and a representative of the AGJA board as well as AGJA advisor will be in place if members in violation of the rule should wish to appeal the decision.
6. **The drenching, pumping or any other artificial filling method of any animal at any time for any reason during an AGJA sanctioned show immediately disqualifies that animal from showing in either conformation or showmanship classes. An animal may be drenched or pumped for medical reasons at the approval of the vet on call; knowing that above disqualification rule may apply.**

The AGJA Rules and By-Laws govern all AGJA-sponsored activities. Please make sure to read them carefully. Request a copy from the American Gelbvieh Association office if you do not have a copy of the current AGJA Rules & By-Laws. American Gelbvieh Junior Association, 1001 S 70th St. Ste, 215, Lincoln, NE 68510. Email: jake@gelbvieh.org; or call 303-465-2333.

2. If the protest is not resolved or withdrawn prior to the start of the show, the AGJA Junior Coordinator will advise the judge to select an alternate animal to follow the protested animal throughout the show.
3. A hair sample of the protested animal will be taken and processed. If protest is sustained the protested animal will be disqualified and lose any and all premiums and awards. The alternate animal will be awarded premiums and awards.
4. Protests, if not made prior to show, must be made no later than 30 minutes following the selection of Grand Champion Female/Bull the day the animal is exhibited.
5. If parent DNA is required to resolve the protest, DNA sample will be submitted and postmarked 7 days following show day.
6. If the protest is not sustained the \$150 deposit accompanying the protest will be forfeited.

State Herdsmanship

States are judged on neatness of stalling area including tack and cattle area. All members should also interact in a positive friendly manner with other junior members and adults. Herdsmanship champion earns 10 points toward the State Challenge Cup. Two state champion herdsman awards will be given; one to states with 10 or less head and one for states with 11 or more head. Judging by an anonymous panel will begin on Monday, July 3, 2023 and be completed no later than Thursday, July 6, 2023.

State Facebook Pages/Group for Points

State associations that create a Facebook page/group for their association will receive 5 points toward the state challenge cup. This is a great way to strengthen state associations through social media.

Guidelines for the group are:

1. The page/group may be public.
2. Once the page/group has been established, the state advisor must notify the AGJA Youth Activities Coordinator to let them know that it is current by Sunday, July 2, 2023.
3. Only state pages/groups that have posts made by members since April 1, 2023 will receive State Challenge Cup points.

If a state already has a Facebook page/group, points will be awarded for keeping their page/group current. If there have not been any posts to the page/group since April 1 of the current year, points toward the State Challenge Cup will not be awarded.

AGJA Silent Auction

The AGJA is asking for individuals or states to donate items for a Silent Auction. This Silent Auction will be held during the week with the final bids to be taken during the show on Friday, July 7th. Do not limit your imagination to only cattle-related items—think outside the box. The AGJA Silent Auction benefits national junior Gelbvieh programs. Contact Jake Renner at the AGA office or any AGJA Director for more information on the AGJA Silent Auction. We need your help and donated items to make the Silent Auction a success. Please bring items to Contest Check-in on Sunday, July 2, 2023. Each state will earn 1 addition point for every \$50 their **state delegated** item raises.

Get State Challenge Cup Points for donating an item to the Silent Auction.

Collect aluminum can tabs for the AGJA Community Service Project

The three states that collect the most can tabs (as measured by weight) will earn State Challenge Cup points.

State Challenge Cup winners will be announced at the banquet on Friday, July 7, 2023.

Copyright Tips - As suggested by YouTube

What is copyright? Copyright is a form of protection provided for original works of authorship, including literary, dramatic, musical, graphic, and audiovisual creations. “Copyright” literally means the right to copy but has come to mean that body of exclusive rights granted by law to copyright owners for protection of their work.

What is copyright infringement? Copyright infringement occurs when a copyrighted work is reproduced, disturbed, preformed, publicly displayed, or made into a derivative work without permission of the copyright owner.

Posting copyright-infringing content can lead to the termination of your account, and possibly monetary damages if a copyright owner decides to take legal action (this is serious—you can get sued.) Below are some guidelines to help you determine whether your video is eligible or whether it infringes someone else’s copyright:

*****Be careful to make sure your video does not infringe on copyrights. Check our link on the AGJA Contest Resources web page for more information.**

How to make sure your video does not infringe someone else’s copyright:

The way to ensure that your video doesn’t infringe someone else’s copyright is to use your skills and imagination to create something completely original. If it is all yours, you never have to worry about the copyright - you own it. Make sure to follow the other guidelines in the terms of use.

Be sure that all components of your video are your original creation - even the audio portion. For example, if you use an audio track of a sound recording owned by a record label without that record label’s permission, your video may be infringing the copyrights of others, and may be subject to removal.

YouTube offers a library of authorized music to liven up your video.

- YouTube offers non-copyright music using their Audio Swap feature which can be used after your upload your video and select “Edit”.
- Other non-copyright music can easily be found online using a web search for “non-copyright music” An example of a site with non-copyright music is <http://freeplaymusic.com/>

Poster Contest

The poster contest encourages members to use their imagination and creativity to promote the Gelbvieh breed. Posters must be turned in during contest check-in. Posters may also be mailed to the AGA office if a member is not able to attend the classic. Posters mailed to the office need to be postmarked no later than June 1, 2023

Rules:

1. Poster board (22"x28") or foam core board (20"x30") may be used. Any color of board is acceptable. Dimensions cannot be larger or smaller than what is listed.
2. The theme for the poster is to promote **Gelbvieh** or **Balancer** cattle. At the 2023 AGJA Great Dakota Classic, the member must include 2023 or state of the classic site in the design of his or her poster.
3. One poster per AGJA member. Only AGJA members may enter a poster.
4. **Posters cannot contain any electrical components. No exceptions.**
5. The judges will not be allowed to touch the posters in any way. Movable parts on the poster may not be effective for this reason.
6. You may use paints, pens, watercolors, pictures from publications, glitter, stick-on letters, photos, colored paper, and other types of flat or almost flat media.
7. Posters should not be designed on the computer, printed, and transferred onto the poster board. Such methods for this contest may not be judged at the discretion of the contest judge.

Photography Contest

The photography contest allows AGJA members to become familiar with the art of photography and to experiment with different lighting, angles, and subjects.

Rules:

1. Entries need to be turned in by the conclusion of contest check-in on Sunday July 2, 2023. Entries may also be mailed to the AGA office, postmarked no later than June 20, 2023 if an AGJA member is unable to attend the classic. 2. There will be a total of 12 questions per match (4 head-to-head, 2 team, and 6 toss-up questions). Additional toss-up questions may be asked to break a tie. Questions will be asked until the tie is broken.
3. The first four questions will be head-to-head. The first question is asked to the team captains. Whichever captain buzzes in first may answer the question. This process is repeated with the next three members of each team. Correct answers are worth 10 points.

If that individual gives an incorrect answer, the question will be repeated and a member of the other team may buzz in to answer the question. Individuals have 10 seconds to answer a question once recognized by the moderator. Toss-up questions are worth 10points.

7. The moderator and the official judge have the discretion to accept the answer given as correct or complete. The same protocol will be followed for each match within a division. If any modifications will be made to these rules or a time limit changed for a question, it will be announced prior to the reading of thequestion.
8. The AGJA Board of Directors and Advisors will determine the brackets for the preliminaries through a random drawing. This is not a double elimination competition.
